

# BR8

## Interface for 8 relays (solid state or electromechanical)

### Main features:

- **CN4 Power supply:** 24 Vdc (fuse 315mA) .
- **CN3 Input signals:** PNP with GND referred to 24Vdc.
- **C1K1A1, ..., OUTPUT for electromechanical relay:**  
 (K1,2,...,16) Common of relay.  
*C* : contact normally closed. *A* contact normally open
- **C1K1A1, ..., OUTPUT for solid state relay:**  
 (K1,2,...,16) Contatto di GND.  
*C* not used. *A* Vcc contact.

- **Dimension mm. H/L:** 120x127
