

SERIAL COMMUNICATION CABLE

Connection cable between cam programmer and PC

DESCRIPTION

RS232 serial cable for communication between angle programmer and computer.

Full shielding (LIYCY) offers protection against external interference and ensures reliable data transmission (EMC directive 89/336).

Standard length 4 meters, different sizes on request

MAIN FUTURES

Conductors lay-up	<i>Bare copper flexible</i>
Conductor section	<i>0,25 mm²</i>
Conductors insulation	<i>PVC</i>
Outer jacket	<i>PVC gray ø5,3 mm</i>
Shields	<i>Braid shield + drain wire tinned copper - Coverage ≥ 85 % 2014/30/EU</i>
Working temperature	<i>-40°C / +80°C</i>
Fire performance	<i>IEC 60332-3-22(EU); CEI 20-22/2(EU)</i>
Industrial oil and hydrocarbon resistance	<i>IEC 60811-404(EU); IRM 902</i>
